

Dear Friends,

Third Millennium Ministries has been accomplishing great things through your partnership and financial support. Thank you!

One of those things is the distribution of our curriculum. As you know, millions of Christian leaders around the world need solid Bible training, but have no way to get it. Our primary mission at Third Millennium Ministries is to meet this need by creating a “seminary in a box” that can be delivered directly to these leaders in their own lands, in their own languages, and at no charge to them. Our hope is that God will use our service to prepare his church to saturate the globe with the gospel.

Recently, some of our development team traveled to Colorado to meet with various ministries. We do this occasionally to make sure they are aware of the materials we have available. After all, many other ministries already have established distribution networks throughout the world. When we partner with them, we can use those same networks to distribute our own products.

Many other ministries that do international work realize that one of the most urgent needs of the church is for leadership training. So, when they see our curriculum, they are elated by its quality and ease of use, and they are grateful that we offer it for free. As just one example, take a look at the message below that came from one of our friends at Focus on the Family:

**Thank you for sharing with us the theological DVDs from Third Millennium. We... consider it a very important and helpful weapon for all of those interested in increasing their biblical knowledge. The content, methodology, and links to a web site for written information give us the possibility of accessing extremely important information we usually do not have at hand. It clarifies the scenario for a better understanding and interpretation of the Bible... We consider it an excellent means that helps us to be prepared as good soldiers of Christ who can give defense of the gospel we preach.**

Many other Christian ministries recognize how important our work is. They are thrilled to benefit from our curriculum, just as we take joy in Christ from our ability to provide it for them. We hope that you will take encouragement from this too, knowing that your support is providing an incredible benefit to your brothers and sisters in God’s kingdom.

In Christ,

Richard L. Pratt, Jr.
